

**ANNEX "COVID-19
to the Notice of Race
Health measures applicable during the race
LES SABLES - LES AÇORES - LES SABLES
(SAS)**

Preamble :

Depending on the evolution of the health crisis, the Organising Authority is likely to modify the conditions of the present appendix without prior notice.

1- Barrier gestures :

- It is recommended that all participants in the "SAS" (organisers, referees, runners, attendants, companions, volunteers, etc.) be in possession of masks and a bottle of individual hydroalcoholic gel, from the time of arrival to the time of departure from the competition site. The latter are advised to respect all the barrier measures.

- It is recommended that groups of people be organised in accordance with government recommendations and barrier measures.

- Masks should be worn when the barrier measures cannot be complied with.

- Reasonable actions by the competition organising authority to implement COVID-19 guidelines, protocols or legislation, even if subsequently found to be unnecessary, are not improper actions or omissions and shall not give rise to a claim for compensation (this amends RRS 62.1(a)).

2. Suspected COVID 19:

A competitor or attendant who exhibits symptoms related to Covid 19, must be tested as soon as possible. A competitor or attendant who tests positive for COVID19 must immediately withdraw

from the race/competition and comply with the instructions of the health authorities. If he fails to do so, the Jury may also open an investigation according to RRS 69.

Any volunteer, referee, attendant, employee, and more generally any person directly or indirectly involved in the organisation of the competition, who shows symptoms related to Covid 19, must be tested as soon as possible. If the public mentioned in this paragraph test positive for COVID19, they must immediately isolate themselves in accordance with the recommendations of the health authorities.

3. Individual responsibility :

Each competitor must hand in the Health Self-Assessment Questionnaire to the AO at the time of signing on at the start of the race.

By registering for "Les Sables - Les Açores - Les Sables", each competitor certifies that he/she is aware of the Covid-19 risk and has taken it into account.

Each competitor is therefore fully aware of :

- the hygiene and physical distance measures, known as "barrier gestures" to be observed at all times and in all places, as well as the additional provisions published by the Ministry of Sports, and undertakes to respect them,
- the risk of contamination accentuated by the proximity of another person, in particular during the week of controls, or any other situation of proximity of less than one metre, without the appropriate reinforced protection,
- that despite the implementation of reinforced protective measures, the practice may expose to a health risk, particularly contamination by Covid-19,
- that despite the measures taken and the means employed, the host establishment, the structure/club cannot guarantee total protection against exposure and contamination by Covid-19. It releases the Organising Authority from any responsibility in case of contamination,
- that all these measures are aimed at preserving the health and physical capacities of the competitors, accompanying persons and members of the Organising Authority participating in the regatta.
